- Visit to the Greater Bay Area Hospital & MedTech companies (2-day trip)

HKMTA Member Dinner 2026

9 Jan 2026 (Friday)
Hong Kong Club

HKMTA Networking Happy Hour

6 Feb 2026 (Friday) | Central Market

Meeting With Finnish Health Delegation To Explore Collaboration

24 Mar 2026 (Tuesday)

HKMTA AI Training Course 2026

26 Mar, 7 Apr, 23 Apr, 7 May 2026

2:30 – 5:30pm

HKPC Building

This AI training programme is specially designed for the medical device industry.

Members can learn essential AI concepts and gain practical skills in using modern AI tools for research, design, data analysis..etc.

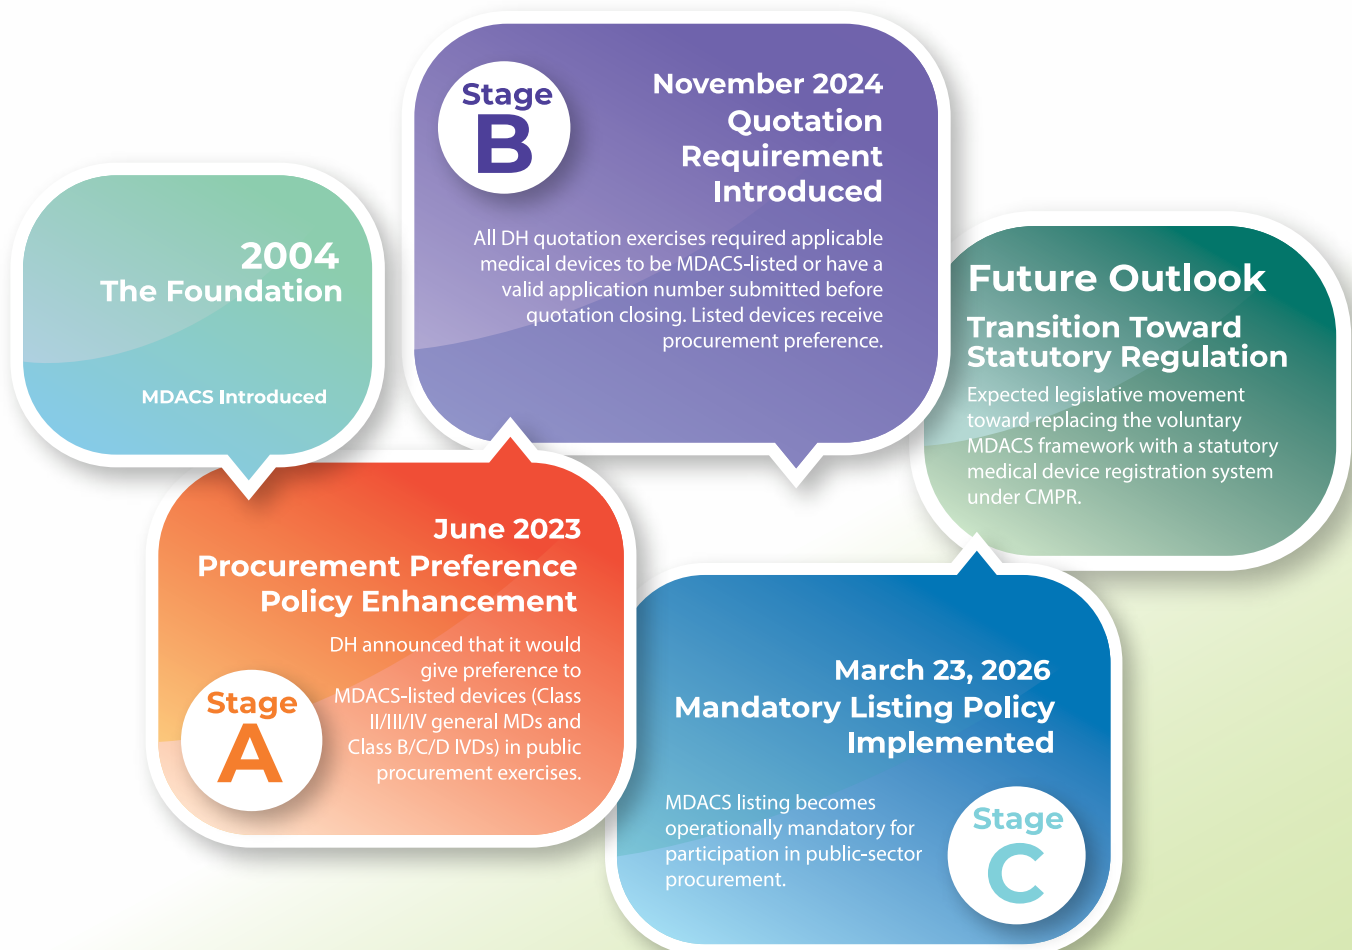

Prepare for Change. Master the Tools. Use Them Smartly.

Industry Trends

Medical Device Administrative Control System (MDACS)

The Medical Device Administrative Control System (MDACS) was introduced in 2004 as a voluntary listing framework by Hong Kong's Department of Health (DH) to ensure the safety, quality, and performance of medical devices. A progressive shift towards mandatory elements is evident in public procurement, along with long-term development plans for a statutory regulatory framework.

MDACS Regulatory Development Timeline at a Glance

Industry Trends

Hong Kong Centre for Medical Products Regulation (CMPR)

In the 2023 Policy Address, the Chief Executive announced that the Hong Kong Centre for Medical Products Regulation (CMPR) would be established as the regulatory Authority for assess and approve new drugs and medical devices independently through its own robust system without relying solely on overseas approvals, otherwise known as the Primary Evaluation approach.

Timeline and Milestones

- June 2024** • **DH Preparatory Office Established**
DH Preparatory Office established to lay the groundwork for establishing the CMPR, reforming the regulatory regime for medical products (devices included)
- November 2024** • **“1+” Mechanism for All Drugs**
Increasing “1+” mechanism to all new drugs.
The “1+” mechanism, was introduced to facilitate the registration of new drugs used for treatment of life-threatening or severely debilitating diseases.
- June 2025** • **Primary Evaluation Roadmap Defined**
Roadmap outlining phases to reach Primary Evaluation of pharmaceutical products
- December 2025** • **Chinese Medicine Development Blueprint Published**
The Chinese Medicine Development Blueprint has been published and sets out goals and action plans across key areas for the development of Chinese Medicine.

Several critical milestones are approaching:

STONE 3: Q2 2027 [EXPECTED]

Hong Kong to Apply for Full ICH Regulatory Membership

Aim for access to International Council for Harmonisation (ICH) as a regulatory member to gain international recognition for drugs approved by the CMPR.

STONE 1: 2026 [EXPECTED]

MPR Bill to be Introduced to LegCo

A Medical Products Regulation (MPR) Bill is expected to be introduced in 2026 to provide statutory authority to CMPR for regulating medical products.

NOW: APRIL 2026

STONE 2: Q4 2026 [EXPECTED]

Establishment of CMPR

Official establishment of CMPR to consolidate the regulations of Western medicines, Chinese medicines, and medical devices under one authority

STONE 4: 2030 [EXPECTED]

Full Primary Evaluation for Medical products

Full primary evaluation to be adopted for all medical products, including medical devices.
